CONSIDERATION OF TARIFF BILL

House Members Will Make It
as Brief as Possible.

ARE PREPARING AMENDMENTS

Members of Both Parties Working for
Changes in Sections of the Measure
in Which Their Constituents Are In-
terested—Main Contention Is to Be
Over the Cut in Duty on Lumber.

Washington, March 20.—There is a
general disposition in the house to
eliminate as far as possible any
academic discussion of the tariff.
Members on both sides are desirous
of having as little general debate as
possible and as much time as is prac-
ticable for the consideration of the
bill under the five-minute rule for
amendment.

When the Dingley bill was before
congress less than a week was devoted
in the house to the discussion of
the bill under the five-minute rule,
and while it is likely that a rule will
be brought in to limit the time for con-
sidering amendments, it is believed
that sufficient time will be allowed
for the consideration of the whole
bill under the five-minute rule.

Members on both sides are lining
up and preparing to submit amend-
ments to the sections of the bill in
which their constituents are inter-
ested. The main contention is to be
over the cut in the duty on lumber.
It is understood that the Southern rep-
resentatives are almost unanimously
in favor of retaining the present duty
of \$2 per thousand feet. They will
have the support of many members
from the Northwest and Pacific coast
states.

Would Reduce Leather Products.

Hides and leather manufactures al-
so will be the subject of considerable
debate. An earnest effort will be
made by the Democrats to have shoes
and other leather products reduced at

least 5 or 10 per cent and to have
hides retained on the free list. On
boots and shoes, according to the new
tariff, will be levied a duty of 15 per
cent ad valorem. While this is a re-
duction of 10 per cent ad valorem, it
is contended by those who favor fur-
ther reductions that the shoe men
themselves have admitted that they
could stand a reduction of 5 or 10
per cent more if hides were admitted
free. The representatives of Western
states will make an earnest effort to
have a duty of 15 per cent again
placed on hides.

The Louisiana delegation met to
consider the effect that the free trade
provision for the Philippine islands
would have on the rice industry in
the United States. They will en-
deavor to have the minority report of
the ways and means committee favor
a small duty on rice imported from
the Philippines or the quantity en-
titled to free entry restricted, as has
been done with sugar and tobacco. A
committee composed of Senator Foster
and Representatives Broussard and
Pujo was appointed to consult with
General Clarence Edwards, chief of
the insular bureau of the war depart-
ment, regarding the Philippine rice
importations.

HOUSE SESSION IS DREARY

Reading of the Tariff Bill the Only
Business Transacted.

Washington, March 20.—For four
and a half hours the house of rep-
resentatives listened to the reading of
the tariff bill, which was concluded.
It was the only business transacted.
It was perhaps the dreariest legisla-
tive session of any held by that body
in recent years. Some of the mem-
bers early in the reading took to the
cloakrooms and lobby back of the
speaker's desk, while others left the
building for the day.

Mr. Sims of Tennessee injected a
breath of life into the proceedings. He
wanted the reading of the bill dis-
pensed with as a farce, but objection
was made. Then he asked unanimous
consent that the bill be put on its
passage, saying it was evident no op-
portunity would be afforded to amend
the measure in the house. To this
suggestion, however, Mr. Mann of Illi-
nois objected.

The house adjourned until Monday
noon.

Damaged by Explosion and Water.

Minneapolis, March 20.—Damage
estimated by the owners at \$100,000
was done the stock and fittings of
the Minneapolis Drug company by an
explosion of chemicals on the sixth
floor of its plant and the consequent
breaking loose of a thorough sprink-
ling system over all six floors. Though
forty women employees on the third
floor rushed from the building in a
panic, no grave injuries are reported.

Captain Kidd Commits Suicide.

Fairmont, W. Va., March 20.—Cap-
tain George Harrison Kidd, fifty-three
years old, fell and severely injured his
hip. While alone for a moment after
receiving surgical attention he got a
revolver and shot himself in the head,
dying instantly. He was a native of
Frederick county, Virginia, where he
was prominent in business and po-
litical circles.

KILLS HUSBAND AND WIFE

Pennsylvania Man Then Ends His
Own Life.

Oil City, Pa., March 20.—The bodies
of Mr. and Mrs. Warren Briggs, with
holes from rifle bullets in their
breasts, were found at their home ten
miles east of Tionesta, Forest county.
The body of Amos Walton, a neighbor,
was found in the house with his head
almost blown off. It is believed Wal-
ton killed Briggs and his wife and
then committed suicide. Walton was
fifty years old and Mr. and Mrs.
Briggs each thirty-five years old.

Recently Walton beat a son of
Briggs, who made information against
him before a justice of the peace at
Marionville, charging assault and bat-
tery. Walton was placed in the cus-
tody of a constable.

Walton asked permission of the con-
stable to return home that he might
secure witnesses, and the request was
granted. He went to his home, took
a rifle and was seen going toward the
Briggs residence.

The body of Briggs was found near
a barn from which he was evidently
coming when killed. Mrs. Briggs was
killed in the kitchen of her home and
the body of Walton was found on a
chair in another room.

Oliver Sworn In as Senator.

Washington, March 20.—The senate
was in session just eight minutes, ad-
journing until Monday. The census
bill was received from the house and
referred to committee, and George T.
Oliver of Pennsylvania was sworn in
as senator.

MUCH GOOD MIGHT RESULT

From Meeting of Central Amer-
ican Presidents.

MIGHT AVOID INTERVENTION

Conference Would Afford Opportunity
for a Thorough Discussion of the
Situation and If a Lasting Peace
Agreement Could Be Reached It
Would Meet With the Approval of
the United States and Mexico.

Washington, March 20.—Suggestions
of a conference of Central American
presidents with the idea of removing
all possible causes for intervention by
the United States and Mexico, con-
tained in dispatches from the city of
Mexico, was the subject of gossip at
the state department and in the Cen-
tral American colony. It is known
that the suggestion came from one of
the Central American republics and
that it would meet with the approval
of both the United States and Mexico.

It is realized by persons who are
interested in the preservation of
peace in Central America that much
good might result from a meeting of
the presidents, if it were entered in-
to with a spirit and determination to
secure practical results. It would af-
ford the opportunity for a thorough
discussion of the situation and if a
lasting agreement could be reached
it would avoid the necessity of any
intervention by the United States and
Mexico.

Information received here makes it
plain that while no actual hostilities
have broken out in Central America,
there continues a disquieting alert-
ness and fear of outbreak among the
countries there, which the United
States and Mexico are agreed should
be removed. Both countries are
quietly maneuvering to prevent, if
possible, any warlike manifestation.
At the same time they are ready to
act promptly in the situation if neces-
sity demands.

SUBMITS REPORT TO JUDGE

But Grand Jury's Findings Have Not
Been Made Public.

Pittsburgh, March 20.—The grand
jury which has been investigating the
charges of alleged corruption in the
municipal affairs of this city on an
order made last Monday by Judge
Davis and before whom fifty promi-
nent citizens, including councilmen,
bankers and business men, were sum-
moned to tell what they knew about
councilman's graft, presented their
findings to Judge Davis. The court
said on account of the extreme se-
riousness of the matter he would take
the report under advisement and or-
dered the jury to report in court at
9:30 o'clock Monday morning.

Sensational developments were ex-
pected immediately upon the presenta-
tion of the jury's report to the court
and rumor is rife about the contents
of the document.

MINNESOTA WOMAN KILLED

Meets Death in Railroad Accident in
Old Mexico.

Mexico City, March 20.—Mrs. E. A.
Everett of Waseca, Minn., was killed
in a collision between a wild engine
and the regular passenger train bound
from Vera Cruz to Mexico City.
Shortly before the station of Lavilla
was reached a rock was thrown
through a car window. The train was
stopped and rural guards sent in pur-
suit of the miscreants who threw the
rock. While the train was standing
a runaway engine crashed into the
car, killing Mrs. Everett and injuring
a number of others.

Mrs. Everett was touring the repub-
lic and it is said was the wife of a
wealthy flour mill owner.

Hope for Pearsons' Recovery.

Pasadena, Cal., March 20.—The con-
dition of Dr. D. K. Pearsons of Chic-
ago, who was stricken unconscious
while about to deliver an address be-
fore the Vermont society, and who
now lies at the Pasadena hospital, is
considered by the physicians to be
about the same. Strong hope of his
complete recovery is held out.

Pugilist Not Badly Hurt.

New Orleans, March 20.—Kid Far-
mer, pugilist of Peoria, Ill., was dis-
missed from the Charity hospital here.
He was taken there late Thursday
night in an unconscious condition
after striking his head on an iron bar
on an excursion steamer. It was at
first thought that he had suffered con-
cussion of the brain.

JURY FINDS JOHN D.
SHARP NOT GUILTY

But Is Deadlocked as to the
Coopers.

Nashville, Tenn., March 20.—When
the jury returned a verdict of acquit-
tal for John D. Sharp, charged with
the murder of former United States
Senator E. W. Carmack, and declared
it was "hopelessly tied up as to the
Coopers," it was generally conceded
that the end of the famous case had
been reached. Nothing daunted by
the expressive firmness of Foreman
Burke's declaration of a disagreement,
Judge Hart sent the twelve men out
for further deliberation and announced
that he would not discharge them un-
til he was absolutely convinced that
an agreement could not be reached.
The jurors looked tired, worn and ill
at ease. From the loud talking heard
in the room they have been having a
strenuous time. They are chafing un-
der the restraint, too, but evidently
are conscientious in their determina-
tion to vote with their convictions.
They sent word to the sheriff that
their room was poorly ventilated, and
that the plumbing was defective, and
that several of the men were ill from
confinement. The room is small, and
the sheriff decided to let them sleep
in the quarters in the jail set aside for
a woman's hospital, but which has no
tenants at present.

Judge Hart fully expected a verdict.
Several times he consulted with one
of the jury deputies and when he had
concluded the day's docket he sent to
ask the jury if they had anything to
report. The reply "nothing" came
back. Evidently the judge had some
information, however, for he ordered
the prisoners brought into court and
instructed the sheriff to bring in the
jury. Instead of S. J. Hyde, to whom
the charge was given, E. H. Burke, the
first man chosen, carried the papers
and acted as foreman. In response
to the judge's question as to whether
a verdict had been reached, Burke re-
plied: "We are tied up tight as to the
Coopers, but we find John D.
Sharp not guilty."

Judge Hart quickly dismissed Sharp
and ordered the jury to continue its
deliberations as to the guilt or inno-
cence of the Coopers.

FOOLED CHICAGO ROBBERS

Victim Posed as Highwayman and
Got Crooks Arrested.

Chicago, March 20.—After being
held up and robbed of his watch and
money by two men on a lonely South
Side street, William Paul informed
the robbers that he, too, was a holdup
man and that he was waiting for a
victim. The robbers offered Paul his
money back and he asked them to
walk along with him. The trio walked
until they came to a policeman. Then
Paul unmasked and helped the officer
capture the robbers.

WILSON TAKEN BACK FOR TRIAL

D. O. Coolidge, Sheriff of Franklin County Maine Came for Fugitive from Justice

THEY LEFT THIS AFTERNOON

Mr. Coolidge Will Visit in Sioux Falls, Leaving Man in Custody Meanwhile

D. O. Coolidge, sheriff of Franklin county, Maine, arrived in the city last night from Farmington, the county seat of Franklin county. Mr. Coolidge came after Charles A. Wilson, who was arrested at Pequot a few days ago on the charge of being a fugitive from justice. Wilson, who broke jail there in July, 1904, is wanted for the murder of Leroy S. Brackler, at Industry, Maine, in March, 1904. Mr. Coolidge states that Brackler was shot once in the bowels by Wilson, then turned to run and Wilson shot him twice in the back. Wilson and another prisoner sawed out of the county jail at Farmington, prior to Mr. Coolidge's election as sheriff. For some time the authorities here have been on the watch expecting him to visit his mother, Mrs. Lewis, who resides at Pequot, and the expected happened this week.

Mr. Coolidge took his man and left today for St. Paul. He will probably either leave Wilson in jail in the twin cities or take him with him to Sioux Falls and put in the penitentiary there while he, Mr. Coolidge, visits a sister at Sioux Falls, after which he will take him to Portland, Maine, for safe keeping until his trial.

COOPERS ARE CONVICTED

Jury Finds them Guilty of Murder in the Second Degree and Imposes 20 Years Sentence

SPECIAL TO THE DISPATCH:

Nashville, Tenn., March 20.—Guilty of murder in the second degree with 20 years imprisonment as the penalty, was the verdict the jury returned this morning in the case against Col. Duncan B. Cooper and his son, Robin Cooper, charged with the murder of former United States Senator E. W. Carmack. The defendant's attorneys moved to set aside the verdict because of the verdict of disagreement yesterday and pending argument of the motion the Coopers were released on bail of \$25,000 each.

Tomorrow will be visitors' day at the First Methodist Sunday school and an effort is being made to secure the attendance of all parents and friends of the pupils.

The Sunday school is the largest in its history, good work is being done and it is the desire of the officers to acquaint the parents with this fact.

EAT ANY FOOD WITHOUT FEAR

A Dieted Stomach Gets Blue and Grumbles for a Good Eat

END ALL STOMACH MISERY

Diapiesin Will Regulate Your Stomach Before You Realize it

Miserable indeed is the man or woman whose digestive system is unstrung—who goes to the table and can not eat or what little is eaten seems to fill them and lays like a lump of lead in the stomach, refusing to digest.

If you, dear reader, suffer this way and will put on your wraps now and get from your pharmacist a 50-cent case of Pape's Diapiesin and eat one 22-grain Triangle after your next meal you would appreciate, five minutes later, how long you suffered unnecessarily.

There will be no more indigestion—no misery in the stomach—no sour risings or belching of gas, no heartburn, flatulency or eruptions of undigested food and acid or feeling of nausea, fullness, headache or other symptoms of a weakened stomach.

Stomach trouble and indigestion vanish like snow before the blazing sun.

When Diapiesin works your stomach rests—gets itself in order. Diapiesin purifies and sweetens a sour stomach and freshens the intestines without the use of laxatives, and what is more, it increases the gastric juices. This is what your stomach is begging for—more and better digestive juices. This is what makes you hungry and want to eat, and you can rest assured what you then eat will be taken care of properly and not left in the stomach to ferment and turn to gas and acid, and poison the breath with nauseous odors.

Get a 50-cent case from your druggist now—you ought to have Diapiesin about the house always. Should one of your family eat something which does not agree with him or her, or for a sour stomach or excessive gas, one triangle will always give immediate relief.

ITCH cured in 30 minutes by Woolford's Sanitary Lotion. Never fails. Sold by H. P. Dunn, druggist. sw

Benson-Heberling

A marriage of unusual interest was witnessed Friday afternoon at the residence of Mrs. Sarah M. Heberling, West Main street, where she was given in marriage to John J. Benson, of Staples, one of the remarkable things about the wedding being the advanced age of the contracting parties, Mr. Benson being in his 76th year, while Mrs. Heberling is nearing her 72nd birthday, and both being of more than the average in physical and mental activity for their years. Mrs. Heberling has been a resident of Crow Wing for the past 18 years, but within the past year residing in her own home in Brainerd. Mr. Benson is an old soldier and has made his home with one of his sons at Staples.

From reports there is quite a little romance connected with the wedding as their acquaintance was short, and the meeting of Mr. Benson with Mrs. Heberling was arranged by a business man of Staples who knew them and succeeded in helping to bring on their marriage. From what they said yesterday, it was a case of "Love at first sight," which ended in the bonds of matrimony.

Both Mr. and Mrs. Benson have some little means of their own, and from what they said yesterday they will purchase a new home in Staples and reside there, unless Mr. Benson, after looking over Brainerd prefers it to his present residence.

The ceremony was witnessed by a large circle of personal friends of the contracting parties, and the service was read by the Rev. Charles Fox Davis. THE DISPATCH wishes for them both several years of conjugal felicity.

A Handy Shelf

One that can be used for clock-shelf or turned around will make a good medicine cabinet or for books, newspapers, or children's school materials. Worth \$1.00, for sale at 50c. Every family will favor us by buying one as also this is our own product. E. J. Rhone. 243t2

WHEN HER BACK ACHES

A Woman Finds all Her Energy and Ambition Slipping Away

Brainerd women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Brainerd woman's words:

Mrs. Geo. R. Snell, living at 411 Fourth Ave., N. E. Brainerd, Minn., says: "I know Doan's Kidney Pills to be a splendid kidney remedy. They cured me of a severe attack of backache which had distressed me for years. The action of the kidney secretions was also very irregular. I was weak, became tired easily, was subject to dizzy spells and headaches and my general health was in a run-down condition. Since I began using Doan's Kidney Pills, procured from H. P. Dunn's drug store, I have felt better in every way. I cannot hesitate to recommend this remedy to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

SECTION 17. The mayor shall be paid a salary of One Hundred (\$100.00) Dollars per year, payable quarterly; each alderman shall be paid a salary of Fifty (\$50.00) Dollars per year, payable quarterly; and the special judge of the municipal court shall be paid Three (\$3.00) Dollars per day for each day he shall act, which shall be paid to him by the municipal judge. The compensation of all other elective officers of the city shall be fixed by a resolution of the city council at their meeting held on the first Tuesday after the first Monday in May after each regular city election, and the compensation of all the appointive officers of said city shall be fixed by a resolution of the city council at the time of their appointment; provided, however, that the salary of the city assessor shall not exceed an amount equal to Seventy-five (\$75.00) Dollars for each one thousand of population as shown by the last official census of the city, and provided further that the salary of the municipal judge shall not exceed One Thousand (\$1,000.00) Dollars per annum, and provided further that if the city council shall fail to fix the salaries at the times above specified therefor, then the salary or compensation of any officer as fixed by the last resolution of the city council shall be considered as the salary or compensation of such officer. All salaries shall be payable monthly, except as above specified, and also except the salary of the city assessor, which shall be payable as the city council shall designate by resolution or ordinance.

FOURTH

That Section "62" in Chapter "Three" of said Charter be amended so as to read as follows:

SECTION 62. No limitations or restriction herein shall be construed to prohibit the levying of taxes to pay any judgment that may at any time be recovered against the city, but in the case of such judgment the city council shall at the time of making the first annual tax levy after the rendition of such judgment levy and assess a special tax upon all the taxable property of the city sufficient to pay such judgment.

In case of failure to collect taxes, or other causes, such levy or the proceeds therefrom shall prove insufficient for the payment of such judgment, new taxes shall be levied until the whole of

such judgment is paid. Any excess of the amount so levied and collected over the payment of such judgment shall go into the general current expense fund of the city.

FIFTH

That Section "123" in Chapter "Nine" of said Charter be amended so as to read as follows:

SECTION 123. Chapter 312 of the general laws of the state of Minnesota for the year 1903, approved April 21, 1903, is hereby adopted and made a part of this city charter the same as though repeated at length herein; provided, however, that the following portion of section "9" of said chapter 312 is not adopted and made a part of this charter, to-wit: "Provided that 'no property shall be specially assessed' for the cost of a sewer in excess of 'the cost of a sewer eighteen inches in diameter, and that whenever any district, joint district or lateral sewer of larger diameter than eighteen (18) inches shall be laid or relaid the cost 'thereof in excess of the estimated 'cost of a like sewer eighteen (18) 'inches in diameter shall be paid out 'of the sewer fund, if any, or in case 'there is no sufficient sewer fund, then 'out of the general revenue fund of 'the city; and provided further that the following two sections of this charter are added to the provisions of said chapter 312 and made a part of this charter.

SIXTH

That Section "89" in Chapter "Six" of said Charter be amended so as to read as follows:

SECTION 89. It is hereby made the duty of all owners of land adjoining any street, lane or alley in said city, to construct, re-construct and maintain in good repair such sidewalks along the side of the street, lane or alley next to the lands of such owners respectively, as may have been heretofore constructed, or shall hereafter be constructed, or directed by the city council to be built, and of such material and width, and upon such places and grades as the city council may by ordinance or otherwise prescribe. Whenever the city council shall deem it necessary that any sidewalk in the city of Brainerd shall be constructed or re-constructed, it shall by resolution direct such construction or re-construction, specifying the width thereof, and the material of which the same is to be constructed. The publication of such resolution once in the official paper of the city shall be sufficient notice to the owners of the land along which said sidewalk is to be built to construct the same, and unless such owners shall each along his respective land, construct and fully complete such sidewalk within two (2) weeks after the publication of such resolution as aforesaid, the city council shall forthwith proceed to ascertain the expense of constructing the same and assess and levy such expense upon and against each lot and parcel of land upon which such sidewalk shall front. Such assessment shall be payable and collected in six semi-annual payments next following such assessments at times when taxes become due as provided by general law; and providing, however, that any property owner may at any time pay the whole assessment against any property. And the city council may either before or after making such assessment cause such portion of such sidewalks as have not been built by the owners of such land fronting on the same and all street crossings to be built by the proper street commissioner, or upon contract or by any other person as the council may determine.

SEVENTH

That Section "94" of said Charter be amended so as to read as follows:

SECTION 94.—No action shall be maintained against the city of Brainerd, on account of any injuries received by reason of any defect in the condition of any bridge, street, sidewalk, or thoroughfare unless such action shall be commenced within one year from the happening of the injury, nor unless notice shall have first been given in writing to the mayor of said city, or to the clerk thereof, within thirty days of the occurrence of such injury or damage, stating the place where and the time when such injury was received, and that the person so injured will claim damages of the city for such injury; but this notice shall not be required when the person injured shall in consequence thereof be bereft of reason. Nor shall any such action be maintained for any defect in any street until the same shall have been graded, nor for any insufficiency of the ground where sidewalks are usually constructed, when no sidewalk is built. Nor shall such action be brought, nor shall the city be liable in damages, unless written notice, specifying the location and nature of the defect in the condition of the bridge, street, sidewalk or thoroughfare, be served on the city at least ten days before the accident complained of; which notice shall be served by delivering the same to the city clerk at his office.

GOVERNMENT IS ENDORSED

French Chamber of Deputies Sustains Its Position.

ATTACK OF THE OPPOSITION

Lacked Both Vim and Cohesiveness. Socialists Centered Their Assaults Upon the Under Secretary of Posts and Telegraphs, But They Also Reproached the Premier for Having Shifted His Position.

Paris, March 20.—Premier Clemenceau and his colleagues faced the strike interpellations in the chamber of deputies with a determination to secure endorsement of the government's position in the premises or retire from office. They won, for the chamber rejected a resolution providing for a commission to investigate the cause of the strike by a vote of 354 to 188.

From the very outset it was apparent that the chamber was with the government and the attack of the opposition lacked both vim and cohesiveness. The Socialists centered their assaults upon M. Simyan, under secretary of posts and telegraphs, but they also reproached Premier Clemenceau with having shifted his position since he had "reached the other side of the barricade." They wanted an investigation of the strike situation and they pleaded against repressive measures being used against the men.

The Conservatives declared that the government was reaping only what it had sown. They pointed out that the successive Radical governments for years had encouraged the state employees to form associations and that M. Viviani, minister of labor, and M. Simyan, had voted under the Dreyfus ministry for M. Millerand's motion to recognize the right of the postmen to strike.

General Denial of Charge.

M. Simyan's defense consisted of a general denial of the charges of favoritism, which he declared had been brought by the employees because he had refused to accept their recommendations. He said in his opinion the leaders for months had been preparing to strike. Tumult followed when the under secretary declared that the principal leaders of the strike had been endorsed by from ten to fifteen members of the chamber of deputies.

After an hour of oratory, Minister of Public Works Barthou mounted the tribune and in a dignified speech painted the gravity of the situation and the impossibility of the government yielding to the employees who had revolted. The minister said the government was always willing to discuss the grievances of the employees' associations, but that to treat with them upon a footing of equality would be the commencement of administrative anarchy. Nevertheless, he indicated that it was the government's desire to leave the door open for the employees to return to duty.

PANIC-STRICKEN FROM FEAR

Hospital Patients Try to Get Out of Windows.

Washington, March 20.—Panic-stricken from fear, fifty patients in the George Washington hospital rushed to windows in scanty clothing and attempted to get out of the structure when fire broke out in the medical department adjoining the hospital. Doctors and nurses were compelled to do heroic work to quiet the patients. The hospital at no time was endangered. The medical department was considerably damaged and there was loss of much expensive apparatus as a result of the explosion in the chemical laboratory.

RETURNS MONEY TO BANK

Missing Cashier Says He Was Intoxicated When He Took It.

Comanche, Okla., March 20.—John Campbell, the fugitive cashier of the First National bank, who left Monday night with more than \$6,000 of the bank's money, returned \$6,000 in a letter written in Denver. He says he was intoxicated when he left, and that he had no intention of stealing. He regretted his action, he wrote, and would return the balance of the amount in a short time. The bank officials decided not to prosecute Campbell and withdrew the reward offered for his arrest.

Stage Villain Shot by Hero.

Mount Vernon, Ill., March 20.—John Monke, the villain in an amateur performance given by the pupils of the Grand Central school south of here, was shot in the forehead and dangerously wounded by the hero, Roy Slater. The cartridge which was thought to have been a blank was prepared by Moake, who cut out the bullet close to the rim of the shell. After he was shot he said he did not think there was enough of the bullet in the shell to hurt.

William J. Bryan Celebrates His Birthday at Lincoln, Neb.

Lincoln, Neb., March 20.—In recognition of his forty-ninth birthday, William J. Bryan was the guest of honor at an banquet tendered to him at the Lincoln auditorium by prominent Democrats and personal friends of Lincoln and over the state. The dinner brought together a company of 500 followers of Mr. Bryan and members of political clubs organized in his interests. Many members of the legislature attended. Mr. Bryan made the principal speech. His address was devoted largely to the work of the Nebraska legislature, which he congratulated for its earnest desire to carry out the platform pledges of the Democratic party.

FIVE WITNESSES TESTIFY

Tell How They Disbursed Stephen-son's Money.

Madison, Wis., March 20.—Five witnesses testified before the legislative primary investigation committee and explained in part how they disbursed various amounts of the Stephenson campaign fund. Roy Morse, an attorney of Fond du Lac, used up \$700 in organizing his county, taking \$200 of the amount for services for eight days at \$25 per day. J. R. Jones of Racine spent over \$700 and received \$150 for services. Ex-Senator McGillivray of Jackson county disbursed some \$600 in organizing that county and was driven around by a game warden. Mr. McGillivray voiced the opinion that the investigation was being made for political timber two years from now.

F. C. George told of spending \$110 and R. S. Cowley \$150 in Trempealeau county for the Stephenson cause.

The session was enlivened by a tilt between Chairman Marsh and Attorney Black, who represents Mr. Stephenson, the chairman charging the attorney with coaching witnesses before they went on the stand. The accusation was indignantly denied.

The committee adjourned until Tuesday forenoon next.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

"The Favorite Prescription" is advised for the cure of one class of diseases—those peculiar to women—menstrual and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the breakdown, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and showing what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

SECOND
That subdivision "First" of Section "39" be amended so as to read as follows:

To license and regulate the exhibitions of common showmen, and shows of all kinds, and the exhibitions of caravans, menageries, circuses, concerts and theatrical performances and places of amusement, also to license and regulate all auctions and auctioneers, pawn-brokers, dealers in second-hand goods, junk dealers, keepers of intelligence or employment offices, as well as all persons doing the business of seeking the employment for others, or procuring or furnishing employees for others; billiard tables, pigeon-hole tables, nine or ten pin alleys, bowling alleys, shooting galleries, cane racks, merry-go-rounds, taverns, victualling houses, and all persons vending, dealing in or disposing of spirituous liquors, fermented, malt or intoxicating liquors; and all licenses heretofore or hereafter issued by said city council for selling, dealing in or disposing of spirituous liquors, fermented, malt or intoxicating liquors within said city, shall run for and continue in force during a period of one year from and after the date of the issue of such licenses, any general law of this state to the contrary notwithstanding, and also to license and regulate the selling or contracting for the sale of any goods, wares or merchandise at retail, by samples, when any such goods, wares or merchandise are thereafter to be sent or delivered to the purchaser.

THIRD
That Section "17" in Chapter "Two" of said Charter be amended so as to read as follows:

SECTION 17. The mayor shall be paid a salary of One Hundred (\$100.00) Dollars per year, payable quarterly; each alderman shall be paid a salary of Fifty (\$50.00) Dollars per year, payable quarterly; and the special judge of the municipal court shall be paid Three (\$3.00) Dollars per day for each day he shall act, which shall be paid to him by the municipal judge. The compensation of all other elective officers of the city shall be fixed by a resolution of the city council at their meeting held on the first Tuesday after the first Monday in May after each regular city election, and the compensation of all the appointive officers of said city shall be fixed by a resolution of the city council at the time of their appointment; provided, however, that the salary of the city assessor shall not exceed an amount equal to Seventy-five (\$75.00) Dollars for each one thousand of population as shown by the last official census of the city, and provided further that the salary of the municipal judge shall not exceed One Thousand (\$1,000.00) Dollars per annum, and provided further that if the city council shall fail to fix the salaries at the times above specified therefor, then the salary or compensation of any officer as fixed by the last resolution of the city council shall be considered as the salary or compensation of such officer. All salaries shall be payable monthly, except as above specified, and also except the salary of the city assessor, which shall be payable as the city council shall designate by resolution or ordinance.

FOURTH
That Section "62" in Chapter "Three" of said Charter be amended so as to read as follows:

SECTION 62. No limitations or restriction herein shall be construed to prohibit the levying of taxes to pay any judgment that may at any time be recovered against the city, but in the case of such judgment the city council shall at the time of making the first annual tax levy after the rendition of such judgment levy and assess a special tax upon all the taxable property of the city sufficient to pay such judgment.

In case of failure to collect taxes, or other causes, such levy or the proceeds therefrom shall prove insufficient for the payment of such judgment, new taxes shall be levied until the whole of

such judgment is paid. Any excess of the amount so levied and collected over the payment of such judgment shall go into the general current expense fund of the city.

FIFTH
That Section "123" in Chapter "Nine" of said Charter be amended so as to read as follows:

SECTION 123. Chapter 312 of the general laws of the state of Minnesota for the year 1903, approved April 21, 1903, is hereby adopted and made a part of this city charter the same as though repeated at length herein; provided, however, that the following portion of section "9" of said chapter 312 is not adopted and made a part of this charter, to-wit: "Provided that no property shall be specially assessed for the cost of a sewer in excess of the cost of a sewer eighteen inches in diameter, and that whenever any district, joint district or lateral sewer of larger diameter than eighteen (18) inches shall be laid or relaid the cost thereof in excess of the estimated cost of a like sewer eighteen (18) inches in diameter shall be paid out of the sewer fund, if any, or in case there is no sufficient sewer fund, then out of the general revenue fund of the city;" and provided further that that the following two sections of this charter are added to the provisions of said chapter 312 and made a part of this charter.

SIXTH
That Section "89" in Chapter "Six" of said Charter be amended so as to read as follows:

SECTION 89. It is hereby made the duty of all owners of land adjoining any street, lane or alley in said city, to construct, re-construct and maintain in good repair such sidewalks along the side of the street, lane or alley next to the lands of such owners respectively, as may have been heretofore constructed, or shall hereafter be constructed, or directed by the city council to be built, and of such material and width, and upon such places and grades as the city council may by ordinance or otherwise prescribe. Whenever the city council shall deem it necessary that any sidewalk in the city of Brainerd shall be constructed or re-constructed, it shall by resolution direct such construction or re-construction, specifying the width thereof, and the material of which the same is to be constructed. The publication of such resolution once in the official paper of the city shall be sufficient notice to the owners of the land along which said sidewalk is to be built to construct the same, and unless such owners shall each along his respective land, construct and fully complete such sidewalk within two (2) weeks after the publication of such resolution as aforesaid, the city council shall forthwith proceed to ascertain the expense of constructing the same and assess and levy such expense upon and against each lot and parcel of land upon which such sidewalk shall front. Such assessment shall be payable and collected in six semi-annual payments next following such assessments at times when taxes become due as provided by general law; and providing, however, that any property owner may at any time pay the whole assessment against any property. And the city council may either before or after making such assessment cause such portion of such sidewalks as have not been built by the owners of such land fronting on the same and all street crossings to be built by the proper street commissioner, or upon contract or by any other person as the council may determine.

SEVENTH.
That Section "94" of said Charter be amended so as to read as follows:

SECTION 94. No action shall be maintained against the city of Brainerd, on account of any injuries received by reason of any defect in the condition of any bridge, street, sidewalk, or thoroughfare unless such action shall be commenced within one year from the happening of the injury, nor unless notice shall have first been given in writing to the mayor of said city, or to the clerk thereof, within thirty days of the occurrence of such injury or damage, stating the place where and the time when such injury was received, and that the person so injured will claim damages of the city for such injury; but this notice shall not be required when the person injured shall in consequence thereof be bereft of reason. Nor shall any such action be maintained for any defect in any street until the same shall have been graded, nor for any insufficiency of the ground where sidewalks are usually constructed, when no sidewalk is built. Nor shall such action be brought, nor shall the city be liable in damages, unless written notice, specifying the location and nature of the defect in the condition of the bridge, street, sidewalk or thoroughfare, be served on the city at least ten days before the accident complained of; which notice shall be served by delivering the same to the city clerk at his office.

GOVERNMENT IS ENDORSED

French Chamber of Deputies
Sustains Its Position.

ATTACK OF THE OPPOSITION

Lacked Both Vim and Cohesiveness.

Socialists Centered Their Assaults Upon the Under Secretary of Posts and Telegraphs, But They Also Reproached the Premier for Having Shifted His Position.

Paris, March 20.—Premier Clemenceau and his colleagues faced the strike interpellations in the chamber of deputies with a determination to secure endorsement of the government's position in the premises or retire from office. They won, for the chamber rejected a resolution providing for a commission to investigate the cause of the strike by a vote of 354 to 188.

From the very outset it was apparent that the chamber was with the government and the attack of the opposition lacked both vim and cohesiveness. The Socialists centered their assaults upon M. Simyan, under secretary of posts and telegraphs, but they also reproached Premier Clemenceau with having shifted his position since he had "reached the other side of the barricade." They wanted an investigation of the strike situation and they pleaded against repressive measures being used against the men.

The Conservatives declared that the government was reaping only what it had sown. They pointed out that the successive Radical governments for years had encouraged the state employees to form associations and that M. Viviani, minister of labor, and M. Simyan, had voted under the Dupuy ministry for M. Millerand's motion to recognize the right of the postmen to strike.

General Denial of Charge.

M. Simyan's defense consisted of a general denial of the charges of favoritism, which he declared had been brought by the employees because he had refused to accept their recommendations. He said in his opinion the leaders for months had been preparing to strike. Tumult followed when the under secretary declared that the principal leaders of the strike had been endorsed by from ten to fifteen members of the chamber of deputies.

After an hour of oratory, Minister of Public Works Barthou mounted the tribune and in a dignified speech painted the gravity of the situation and the impossibility of the government yielding to the employees who had revolted. The minister said the government was always willing to discuss the grievances of the employees' associations, but that to treat with them upon a footing of equality would be the commencement of administrative anarchy. Nevertheless, he indicated that it was the government's desire to leave the door open for the employees to return to duty.

Salvos of applause greeted M. Barthou's speech. Then followed what practically was a test vote, and the chamber by a majority of 206 ordered the speech of the minister of public works placarded throughout France. A recess was then taken.

PANIC-STRICKEN FROM FEAR

Hospital Patients Try to Get Out of Windows.

Washington, March 20.—Panic-stricken from fear, fifty patients in the George Washington hospital rushed to windows in scanty clothing and attempted to get out of the structure when fire broke out in the medical department adjoining the hospital. Doctors and nurses were compelled to do heroic work to quiet the patients.

The hospital at no time was endangered. The medical department was considerably damaged and there was loss of much expensive apparatus as a result of the explosion in the chemical laboratory.

RETURNS MONEY TO BANK

Missing Cashier Says He Was Intoxicated When He Took It.

Comanche, Okla., March 20.—John Campbell, the fugitive cashier of the First National bank, who left Monday night with more than \$6,000 of the bank's money, returned \$6,000 in a letter written in Denver. He says he was intoxicated when he left, and that he had no intention of stealing. He regretted his action, he wrote, and would return the balance of the amount in a short time. The bank officials decided not to prosecute Campbell and withdrew the reward offered for his arrest.

Stage Villain Shot by Hero.

Mount Vernon, Ill., March 20.—John Moake, the villain in an amateur performance given by the pupils of the Grand Central school south of here, was shot in the forehead and dangerously wounded by the hero, Roy Slater. The cartridge which was thought to have been a blank was prepared by Moake, who cut out the bullet close to the rim of the shell. After he was shot he said he did not think there was enough of the bullet in the shell to hurt.

Lincoln, Neb., March 20.—In recognition of his forty-ninth birthday, William J. The dinner brought together a company of 500 followers of Mr. Bryan and members of political clubs organized in his interests. Many members of the legislature attended. Mr. Bryan made the principal speech. His address was devoted largely to the work of the Nebraska legislature, which he congratulated for its earnest desire to carry out the platform pledges of the Democratic party.

FIVE WITNESSES TESTIFY

Tell How They Disbursed Stephenson's Money.

Madison, Wis., March 20.—Five witnesses testified before the legislative primary investigation committee and explained in part how they disbursed various amounts of the Stephenson campaign fund. Roy Morse, an attorney of Fond du Lac, used up \$700 in organizing his county, taking \$200 of the amount for services for eight days at \$25 per day. J. R. Jones of Racine spent over \$700 and received \$150 for services. Ex-Senator McGillivray of Jackson county disbursed some \$600 in organizing that county and was driven around by a game warden. Mr. McGillivray voiced the opinion that the investigation was being made for political timber two years from now.

F. C. George told of spending \$110 and R. S. Cowley \$150 in Trempealeau county for the Stephenson cause.

The session was enlivened by a tilt between Chairman Marsh and Attorney Black, who represents Mr. Stephenson, the chairman charging the attorney with coaching witnesses before they went on the stand. The accusation was indignantly denied.

The committee adjourned until Tuesday forenoon next.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or necrotic stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the breakdown—"Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice such guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.
